Dear Mr. Sarisohn,

On behalf of the residents at APPLE, I would like to thank you for your presentation at our Career Forum on July 29. The information you shared painted a real picture of the demands, challenges and rewards of being an attorney. Your responses were sensitive, insightful and humorous.

The Career Forum stimulated a great deal of discussion about career exploration and planning. This assists me in preparing the residents for their return to the community. Words cannot express my thanks for being instrumental in this process.

In addition, I would like to express my thanks for your on-going involvement and support on the Career Forum Committee. You are certainly an invaluable, reliable resource!

Sincerely,

Donna Birtley
Supervisor of Vocational Services
