Re: Wolf to Adoption

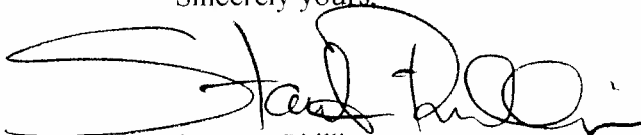

Dear Steve:

I have drafted a quick Affidavit in response to your correspondence on Mr. Carter. Enclosed please find the original.

I enjoyed working with you on this case. **It is always a pleasure to have an attorney on the other side who is competent in their handling of an adoption.** I would urge that you consider applying for membership in the American Academy of Adoption Attorneys. Requirements include five years of practice and at least fifty adoption of which ten must have involved interstate placement and twenty of your adoption cases must have occurred within the last two years. If you qualify and are interested, I will be glad to steer you in the right direction.

If you have any questions or need anything further, please feel free to call me.

Sincerely yours,

Stanton Phillips
