Dear Mr. Sarisohn:

We would like to take this opportunity to thank you for participating in Commack High School's Annual Career Shadow Day Program.

The students have returned to the building with glowing compliments regarding their time spent at your place of work. Young people need positive role models in order to put their academic preparations in perspective. The time that you took out of your busy schedule might have been the spark that one student needed to encourage him/her to pursue their dreams.

Again, many thanks for your efforts and we hope to be involved with you next year.

Very truly yours,

Annette J. Wisznic
Coordinator Career Shadow Program
